

RESOURCE

is organizing a one day seminar on

ISSUES & SOLUTIONS IN THE CONSTRUCTION OF HIGH RISE BUILDINGS

on 28.06.2013

**at JP Hotel, #1131, Inner Ring Road,
Koyambedu, Chennai - 600 106**

RESOURCE is a multifaceted group having divisions in event management, customized software, organizational training, marketing consultancy and organizing seminars and symposiums. We are very much known to the industry luminaries from 1993 onwards.

We have organized earlier successful programs like :

“Cost Effective Construction – Through Better Project Management Methods”

“Innovative Construction Techniques & Methodologies”

“Modern trends in Construction Process”

“Recent Trends in Construction Management” etc.

**Now we have planned to organize a one day seminar on
“ISSUES & SOLUTIONS IN THE CONSTRUCTION OF HIGH RISE BUILDINGS”**

On 28.06.2013
at JP Hotel, Chennai

The program will extensively engage in the following aspects and domains

- 1) Safety & Stability of High Rise Buildings.
- 2) Infrastructure Requirements & Adequacy.
- 3) Clean & Green Building Concepts for High Rise Buildings.
- 4) Advanced Technology on High Rise Buildings across the Globe.

The above topics will be dealt by the industry experts and thought agents.

The program will unfold the complete philosophy and direction for successfully accomplishing the building projects through Integrated Multidisciplinary Approach right through conceptual stage to planning, designing, construction, operation and maintenance stages, including the Loads, Forces and Effects on Soils and Foundations, latest provisions for earthquake resistant design and construction, new/innovative building materials/technologies, prefabricated and composite construction for speedier construction.

We are sure that all the participants will be able to carry back a repository of knowledge particularly in the management of modern construction industry.

The acquired knowledge through this will enhance not only the participant's knowledge base and also will percolate to enrich the profitability and credibility of the organization.

The seminar will trigger and spearhead the tips and techniques in the modern scenario, the forward thinking ideas and strategies which are in vogue around the globe will surely be a value addition to the participating organizations and individuals.

This program will be useful even to the fresh minds who are in the infrastructure industry who have the determination and willingness to climb the corporate ladder quickly.

Also this program will be useful for infrastructure industry engineers, consultants and project management specialists, poised to carve a distinctive niche for themselves amongst their co-professionals.

We are sure you will utilize this great opportunity in enhancing your / organization's learning curve.

Look forward to your positive response and to meet you in person at the seminar.

Tea and Lunch will be provided
